

UNITED STATES DISTRICT COURT
EASTERN DISTRICT OF NEW YORK

ABETH HASHIMI,
Plaintiff,
vs.

CONANDY REALTY LLC, and
ROMA CREW INC,
Defendants.

COMPLAINT

Plaintiff, ABETH HASHIMI (“Plaintiff”), by his undersigned counsel, hereby files this Complaint and sues Defendants, CONANDY REALTY LLC and ROMA CREW INC (“Defendants”), for injunctive relief pursuant to the Americans with Disabilities Act, 42 U.S.C. § 12181, et seq., (hereinafter the “A.D.A”) and the ADA’s Accessibility Guidelines, 28 C.F.R. Part 36 (hereinafter the “ADAAG”).

JURISDICTION

1) This Court has original jurisdiction over the action pursuant to 28 U.S.C., §§1331 and 1343 for Plaintiff’s claims arising under 42 U.S.C. § 12181. et seq., based upon Defendant’s violations of Title III of the ADA (see also, 28 U.S.C. §§ 2201 and 2202).

2) Plaintiff currently resides in Flushing, New York, and is *sui juris*. Plaintiff is a qualified individual with disabilities under the ADA law. Plaintiff suffers from a congenital neuromuscular disorder known as Central Nuclear Myopathy which is characterized as a default in the cell structure of voluntary muscles and as a result is bound to ambulate in a wheelchair.

3) Defendant, CONANDY REALTY LLC, is a LLC and transacts business in the State of New York and within this judicial district. Defendant, CONANDY REALTY LLC, is

the owner of the real property which is the subject of this action located on or about at 47-46 11th St. Queens, NY 11101 (hereinafter “Subject Property” or “Facility”).

4) Defendant, ROMA CREW INC, is a corporation and transacts business in the State of New York and within this judicial district. Defendant, ROMA CREW INC, is the lessee and operator of the business known as JORA RESTAURANT AND BAR, located at 47-46 11th St. Queens, NY 11101 (hereinafter the “Facility”).

5) Plaintiff has visited the Subject Property which forms the basis of this lawsuit on or about November 9, 2022, and again on or about December, 10 2022. On both of these occasions, the Plaintiff’s ability to ambulate through the entrance of the Subject Property was constrained, hindered, and thwarted by the structural barriers, that which prevented access to the public accommodation. The Plaintiff plans to return to the Subject Property to avail himself of the goods and services offered to the public at the Subject Property, and thereby determine whether the Subject Property has been made ADA compliant. Plaintiff’s access to the Facility and/or full and equal enjoyment of the goods, services, facilities, privileges, advantages, and/or accommodations offered therein was denied and/or limited because of these disabilities, and Plaintiff will be denied and/or limited in the future unless and until Defendants are compelled to remove the physical barriers to access and ADA violations which exist at the Facility, including but not limited, to those set forth in this Complaint.

6) Plaintiff lives approximately 3 miles from the Defendants’ Facility, passes by the Defendants’ Facility at least once per week when running errands, visiting family and friends, and eating out in this locale. Moreover, the Defendants’ Facility is in a neighborhood that Plaintiff dines out in once or twice per week. Foremost, Plaintiff has dined at, and in, nearly all of the neighboring restaurants surrounding the subject facility, that are all without obstructions.

Moreover, Plaintiff dines at restaurants on this street about once or twice per month, including but not limited to Sweetleaf Coffee Roasters, Manetta's, Hibino, amongst many others; and thereon affirms that he would dine at the Defendant's restaurant and avail himself of the goods and services offered to the public, were it not for the structural barriers inhibiting his ability to enter the subject facility, in direct contravention of Title III of the ADA and provisions under the ADAAG.

7) Plaintiff has visited the Subject Property which forms the basis of this lawsuit and plans to return to the Subject Property to avail himself of the goods and services offered to the public at the Subject Property, and to determine whether the Subject Property has been made ADA compliant. Plaintiff's access to the Facility and/or full and equal enjoyment of the goods, services, facilities, privileges, advantages, and/or accommodations offered therein was denied and/or limited because of these disabilities, and Plaintiff will be denied and/or limited in the future unless and until Defendants are compelled to remove the physical barriers to access and ADA violations which exist at the Facility, including but not limited, to those set forth in this Complaint.

8) The Defendants' Facility is a public accommodation and service establishment, and although required by law to do so, it is not in compliance with the ADA and ADAAG.

9) In this instance, Plaintiff visited the Facility and encountered barriers to access at the Facility two times in September, specifically on or about November 9, 2022, and again on or about December, 10 2022, engaged the barriers, suffered legal harm and injury, and will continue to suffer legal harm and injury as a result of the illegal barriers to access as set forth herein. The Plaintiff will continue to dine out in the neighborhood of the Defendants' subject

property, and will thereon continue to attempt to access the services and facilities at said premises which have been deprived at all times material.

10) Plaintiff has suffered and continues to suffer direct and indirect injury as a result of the ADA violations that exist at the Facility, and until the proper and appropriate remediations are made to the conditions set forth herein that are in violation of the ADA and ADAAG pursuant to 42 U.S.C., § 12182(b)(2)(A)(iv), the Plaintiff and other similarly situated people will continue to be deprived equal access to the public accommodation, premises, and goods and services in a manner that is irreconcilable with society's sense of modern decency or the law which is well settled.

11) All events giving rise to this lawsuit occurred in the State of New York. Venue is proper in this Court as the premises are located in the Eastern District.

FACTUAL ALLEGATIONS AND CLAIM

12) The Defendant's wanton disregard to the rights of our citizenry as protected under the ADA and inscribed in the ADAA has demonstrated deliberate indifference and thereon wilful discrimination to the Plaintiff and all other like situated people. Plaintiff has attempted to access the Facility, but physical barriers inhibited the wheelchair ambulation through the front entrance denying ingress and therefore could not access the premises without severe hardship, because of his disabilities, and the physical barriers to access and ADA violations that exist at the Facility, which restrict and/or limit his access to the goods and services offered at the Facility. The ADA violations are more specifically set forth in this Complaint.

13) Plaintiff intends to visit the Facility again in the near future in order to utilize all of the goods and services offered therein but will be unable to do so because of the physical

barriers to access, dangerous conditions and ADA violations that exist at the Facility that restrict and/or limit his access to the Facility, including those barriers at the front entrance, and other conditions and ADA violations more specifically set forth in this Complaint. In any event, the discrimination would be cured given simple remediations that which would bring the subject property into compliance with the ADA and ADAAG.

14) Defendants have discriminated against Plaintiff and others with disabilities by denying access to, and full and equal enjoyment of the goods and services of the Facility, as prohibited by 42 U.S.C., § 12182, *et. seq.*, and by failing to remove architectural barriers as required by 42 U.S.C., § 12182(b)(2)(A)(iv), and will continue to discriminate against Plaintiff and others with disabilities unless and until Defendants are compelled to remove all physical barriers that exist at the Facility, including those specifically set forth herein, and make the Facility accessible to and usable by persons with disabilities, including Plaintiff.

15) Defendants have discriminated against Plaintiff by failing to comply with the above requirements. A specific, although not exclusive, list of unlawful physical barriers, dangerous conditions and ADA violations, which preclude and/or limit Plaintiff's ability to access the Facility and full and equal enjoyment of the goods, services offered at the Facility include:
